Your request

Please could you provide:

- 1. data you hold about the following number: 0208 058 2006*

Our response

As the communications regulator, we are responsible for managing the allocation of UK numbering resource which we allocate to Communications Providers (“CPs”) such as BT, TalkTalk, Sky or Vodafone. We allocate geographic number ranges to CPs in block sizes of 10,000 and 1,000 depending on the geographic area. It is only CPs who have information about specific phone numbers within those ranges. We can confirm that the range “0208 058” was allocated by Ofcom to IP Voice Networks Ltd. and you may wish to contact them for any further information.

It might be helpful to refer to information that we have on our website about nuisance calls and messages: [Unwanted calls and messages](#).

If you have any further queries, then please send them to information.requests@ofcom.org.uk quoting the reference number above in any future communications.

Yours sincerely
