Perfect, thanks [REDACTED].

We will finalise the PIA and reply to APWireless. Our response will also be published on our website (most likely from 11 August).

Hi [REDACTED]

Thank you for your time during our call yesterday and for considering our observations on the draft.

I can confirm that I have no comments on the revised draft, that I am comfortable with the summary of MBNL's reasons and that I did not identify any factual inaccuracies.

Best wishes

Hi [REDACTED]

Thanks for reviewing the draft PIA and your comments.

Further to our call, I've attached a revised version which now refers to MBNL's shareholders in various places, removes the reference in Annex B to [REDACTED] of MBNL's fixed links in block assigned bands (which I agree is a point of detail that isn't necessary to include) and ensures Annex B reflects the commercial interests exception throughout.

Please can you let me know if you have any further comments or concerns, or otherwise confirm via email that you are comfortable with our summaries of MBNL's reasons in favour of withholding disclosure and that there are no factual inaccuracies from MBNL's perspective.

Monday is also ok to get back to me if you're pushed for time today.

Best wishes

Hi [REDACTED],

Yes, no problem. I'm free from now until 3 or after 4. Just let me know when is best?

Hi [REDACTED]

Thank you for you sharing the attached. Do you happen to have 5 minutes free for a call this afternoon, please? I can talk you through an observation I have on the draft, and give some context to it, probably easier than by email.

Many thanks in advance

Some people who received this message don't often get email from [REDACTED]@ofcom.org.uk. [Learn why this is important](#)

Hi [REDACTED], [REDACTED]

Further to our call with [REDACTED] and [REDACTED] on Tuesday, I have attached two draft public interest assessments which summarise reasons for disclosing and withholding the information requested by APWireless in relation to MBNL's fixed links in block assigned bands. Annex A sets out reasons relating to the exception in Reg. 12(5)(a) EIR (national security and public safety) and Annex B sets out reasons relating to the exception in Reg. 12(5)(e) (commercial confidentiality). Annex B repeats some of the same reasoning in Annex A.

The reasons for withholding the information reflects information MBNL has provided to [REDACTED] by email on 18 July as well as the call we had with [REDACTED] and [REDACTED] on Tuesday which we found very helpful in understanding the wider context to MBNL's concerns.

We are sharing the attached draft (1) for MBNL to identify any factual inaccuracies in our reasoning; and (2) to ensure MBNL is comfortable with the reasoning we intend to publish. We have included a few comments to explain our reasoning or seek confirmation from MBNL.

We would be grateful if you could please provide any comments no later than Friday 1 August. Please also let us know if it may be helpful to discuss anything further on a call.

Best wishes
