

Question	Your response
<p><b>Question 1:</b> Do you agree with our assessment of the business models that could potentially emerge?</p>	<p>Confidential? – N</p> <p>TAUWI agrees with the assessment of business models that could potentially emerge</p>
<p><b>Question 1(a):</b> Are there any other business models that you think could deliver benefits for people and businesses in the UK?</p>	<p>Confidential? – N</p> <p>TAUWI is not aware of other business models that may be capable of delivering benefits for people and businesses in the UK</p>
<p><b>Question 1(b):</b> Are there any business models that could not operate under our proposed approaches?</p>	<p>Confidential? – N</p> <p>TAUWI is not aware of business models that might not be able to operate under the proposed approaches.</p>
<p><b>Question 2:</b> Do you agree with our assessment of the benefits that could be realised through authorisation of D2D services?</p>	<p>Confidential? – N</p> <p>TAUWI agrees with Ofcom’s assessment of the benefits that could be realised through authorisation of D2D services</p>
<p><b>Question 2(a):</b> Are there any other benefits for UK citizens and businesses that could be realised?</p>	<p>Confidential? – N</p> <p>The availability of D2D voice communications would have a positive impact on the health and safety of lone workers</p>

Question	Your response
<p><b>Question 3:</b> Do you have comments on how emerging D2D technology should support 999 service provision?</p>	<p>Confidential? – N</p> <p>We agree that one of the key benefits of D2D voice services would be the ability for mobile users to contact the emergency services in cases where there is no coverage provided by the terrestrial mobile networks and will have a positive impact on the health and safety of employees as well as the general public</p>
<p><b>Question 4:</b> Are there any mobile spectrum bands not in scope of our proposals that you think we should consider?</p>	<p>Confidential? – N</p> <p>TAUWI has no comment on this question</p>
<p><b>Question 5:</b> Does deployment in supplementary downlink spectrum (SDL) present any challenges in comparison to other bands? Is there interest in deploying in this spectrum?</p>	<p>Confidential? – N</p> <p>TAUWI has no comment on this question</p>
<p><b>Question 6:</b> Do you agree with our proposal to limit this authorisation to the UK mainland and territorial waters? If not, please explain why.</p>	<p>Confidential? – N</p> <p>TAUWI has no comment on this question</p>
<p><b>Question 7:</b> Do you agree that our proposed technical conditions for D2D satellite emissions will protect mobile services delivered by other operators in adjacent areas and in adjacent spectrum?</p>	<p>Confidential? – N</p> <p>TAUWI has no comment on this question</p>
<p><b>Question 8:</b> Do you agree with our high-level co-existence assessment for other services in adjacent spectrum to D2D?</p>	<p>Confidential? – N</p> <p>TAUWI has no comment on this question</p>
<p><b>Question 9:</b> Are there other services co-channel or in adjacent spectrum that you think we should take into account when assessing coexistence? If so, please provide evidence of the nature of interference and what level of protection you consider is necessary.</p>	<p>Confidential? – N</p> <p>TAUWI has no comment on this question</p>
<p><b>Question 10:</b> Do you agree with our preferred authorisation approach (option 2)? If not, please set out your reasoning.</p>	<p>Confidential? – N</p> <p>TAUWI would agree with Ofcom's preferred authorisation approach; a variation to the</p>

Question	Your response
	MNO's existing base station licence accompanied by a licence exemption
<b>Question 11:</b> Are there any alternative authorisation options, not discussed here, that you believe are worth considering?	Confidential? – N TAUWI has no comment on this question
<b>Question 12:</b> Do you agree with the proposed conditions?	Confidential? – N TAUWI has no comment on this question
<b>Question 13:</b> Do you have any other comments on the proposals set out in this document?	Confidential? – N TAUWI has no comment on this question
