Question	Your response
Question 1: Do you have any comments on our proposals and proposed draft Guidance for Original Productions and updates to the Regional Production Guidance?	I strongly disagree with your proposal to let repeats count towards the original content quota. The TV industry is going through unprecedented unemployment, partly due to the downturn in commissioning, which this proposal will compound the issues we're facing. Please reconsider this proposal in support of the UK TV industry and its thousands of workers.
Question 2: Do you have any comments on our impact assessments underpinning our proposals, as set out in Annex 3?	NO COMMENT
