Do you have any comments on our proposals?	I want you to make sure that there is no diminution of the BBC's freedom as a broadcaster for the public good; indeed I have been very concerned that its scope has been reduced already through government cuts. This should be changed to being separate from Government and with adequate funding from the public purse . The BBC should remain as the media of reliable information, investigative journalism, exploratory broadcasting, e.g. the arts. Not only the UK, but the world ,will otherwise lose a valued source of our knowledge especially in times of increasing misinformation, advertising and manipulation by the powerful and wealthy.
