| Do you have any comments on our proposals? | <p>1) Popularize Upload speeds. This is what content producers need. Do you want a nation of consumers or creators?</p> <p>2) Navigating the Kafkaesque nightmare of broadband vouchers. The process of trying to subsidise a FTTH connection via Openreach community fibre vouchers and local Cornwall vouchers is sending me into a deep dark depression.</p> <p>3) I know there is <a href="https://www.inter-netmatters.org/">https://www.inter-netmatters.org/</a> but perhaps you could also contribute to online safety</p> <p>Thanks,</p> |
