## About Telecom2

Telecom2 are a voice network carrier with offices in London and Spain. Through the group of companies our focus is to be at the forefront of technology, specialising in VoIP B2B and call centre solutions. T2 also specialise in micro payments across mobile, card services and age verification.

Telecom2 has a broad spectrum of clients including a number of Contact Centres, Print media companies, Charities, TV companies and a Premiership Football club.

We also still have some of the traditional clients on 09 PRS running Adult, Psychic and Competition services.

We have achieved PCIDSS and ISO27001 certification

We welcome this opportunity to contribute prior to the formal consultation exercise. Our comments are based on internal knowledge and discussions with clients

Question	Your response
<b>Consultation question 1:</b> Do you have any views on the potential impact of the proposed change?	We hope that this change will have a major impact on "Spoofed" CLI.  We and our clients have suffered reputational damage where the spoofed numbers have been from one of our ranges, anything that reduces that would be welcome.
<b>Consultation question 2:</b> Do you agree with our proposed change to Paragraph 4.19 of the CLI Guidance? If not, please explain why.	We are happy with the proposed change. Most, if not all, of the International Gateways will be keen to comply with it
<b>Consultation question 3:</b> Do you agree with proposed implementation date of six months after the publication of the Statement? If not, please explain why.	Six months is more than adequate for a change of this nature.

Question	Your response
<b>Consultation question 4:</b> Do you agree with our assessment of the potential impact on specific groups of persons?	We agree with OFCOM's assessment we do not see a change of this nature having any equality impact.
<b>Consultation question 5:</b> Do you agree with our assessment of the potential impact of our proposal on the Welsh language?	We agree with OFCOM's assessment. This change is not one that depends on language. we do not see a change of this nature having any equality impact.
