

**Question 1: Do you have any comments on our proposals?**

I am concerned about the suggestion that original content at certain times would be 'mainly sport'.

Sport is overrepresented on the BBC compared to other hobbies and interests, this is especially the case on BBC Scotland where a segment of the evening news every night is devoted to sport, with only a few days each year featuring other popular interests such as music, arts and nature. I would urge BBC Scotland to reconsider this, and channel funding from sport coverage to those subjects.
