

## **Direction under section 106(3) of the Communications Act 2003 applying the electronic communications code**

### **Background**

1. The Applicant has applied to Ofcom for a direction applying the Code to the Applicant.
2. The date on which Ofcom received a completed application that meets the statutory requirements with respect to the content of an application for a direction applying the Code and the manner in which such an application is to be made was 20 December 2019.
3. By virtue of regulation 3 of the Electronic Communications and Wireless Telegraphy Regulations 2011 (SI 2011 No. 1210), except in cases of expropriation, Ofcom must make its decision within 6 months of receiving the completed application.
4. Prior to giving a decision under section 106(3) of the Act to apply the Code to the Applicant, Ofcom must publish a notification of its proposal to give the direction and consider any representations about that proposal that are made to Ofcom within the period specified in the notification.
5. On 18 May 2020, Ofcom published, in accordance with section 107(6) of the Act, a notification of its proposal to give a direction applying the Code to the Applicant for the reasons set out in the consultation document accompanying that notification. That notification invited representations to Ofcom by no later than 5pm on 18 June 2020.
6. Ofcom received one representation generally objecting to proposals relating to the deployment of advanced communications networks. The respondent was concerned about the potential health issues arising from weak electromagnetic fields that might be generated by communications equipment deployed by operators.
7. Having considered the objections to the proposal, it was Ofcom's view that the raised issues concern Government policy relating to the rollout of advanced communications networks and the technology they employ. In particular, the Government's assessment of the safety of non-ionising radiation. Ofcom has no power to alter these policies or the statutory framework that sets out the Code. It is therefore unable to include consideration of the issues raised by the respondent as part of its assessment of the application.
8. On 1 July 2020 the Applicant changed its company name from Liberty Global Europe 3 Limited to Liberty Charge Limited.

### **Decision**

9. Ofcom hereby directs, in accordance with section 106 of the Act, as follows—
