

Ofcom Consultation: Proposed new BBC DAB+ Radio Stations

Dear All,

This letter is to formally respond to your consultation on your provisional determination.

Question 1

- (i) We are fully supportive of the provisional conclusions regarding R2E and have provided you with evidence to that end in our previous submissions.

Question 2

- (i) We have no direct view on these stations but do support the Radiocentre approach in their forthcoming submission to you
- (ii) We agree with your assessment on the likely effect on fair and effective competition
- (iii) We have no direct view on this proposal but do support the Radiocentre approach in their forthcoming submission to you.

Question 3

We agree with your provisional conclusions regarding R2E.

Question 4

We do support the forthcoming Radiocentre view on changes to operating licences, and do feel much greater ongoing constraints need to be placed on BBC services in receipt of public funds.

We are content that none of these responses are confidential, and you are free to publish them as you see fit
