Question	Your response
<p><b>Question 1:</b> Do you agree with our provisional conclusions from our review of the BBC's assessment of the public value of the proposals for:</p> <ul style="list-style-type: none"> <li>I. the proposed DAB+ music stations; and</li> <li>II. 5 Sports Extra.</li> </ul> <p>Please provide evidence to support your views, specifying which our conclusions you are referring to.</p>	<p>No.</p> <p>I'm only interested in the 5 Sports Extra side of the conclusion. I don't really think the conclusion is correct. There's only one sports rival and that is of course TalkSport, yet the music side of this consultation could impact many more stations. There's a large selection of podcasts that could go on 5 Sports Extra and plenty are not that relevant to the current time or date so not impacting live coverage on TalkSport. If you're so worried you could simply add a week delay to all the podcasts and then there would be even less issues.</p>
<p><b>Question 2:</b> Do you agree with our assessment of the likely impact of the proposals on fair and effective competition (including as set out in annex 1)? Please provide your answer and any supporting evidence separately for:</p> <ul style="list-style-type: none"> <li>I. R1A, R1D and R3U;</li> <li>II. R2E; and</li> <li>III. 5SE</li> </ul>	<p>Nope I don't agree. TalkSport 2 is the main rival to 5SE much more than TalkSport 1. I will sometimes listen to the odd sport on TalkSport 1 but never TalkSport 2. Plus, there's a real chance here to focus on the sports that get much less airtime on 5SE. Why not give those pods more time on 5SE?</p>
<p><b>Question 3:</b> Do you agree with our provisional conclusions on the BBC's proposed changes to its radio services? Please provide evidence to support your views, indicating which of the BBC's proposed changes you are referring to.</p>	<p>Not for 5SE. There isn't a lot of sport related material on DAB at all. 5 Live and TalkSport and that's it. Where would you draw the line? What if TalkSport add 3 or 4 more stations to cover sport? Would 5SE never be able to increase output? You're essentially permitting a monopoly by allowing one station, talksport, to potentially increase content, stopping any other station from starting new and having sport. I really can't see any harm to more content on 5SE, especially if it's podcast material.</p>
