Yes I do ITV1 should be made to stick to their Public Service Obligations, ITV have been allowed to Merge and create a Monster money eating company than has had no Respect to its Regional Viewers, saying that Super regional stationare the way to go is wrong Devon and Cornwall derserve Regionla news based down here not some 200 miles away in Bristol!

**Question 5: What role should competition for funding play in future? In which areas of content? What comments do you have on our description of how this might work in practice?:**

ITV need to think about where their money is comming from and not wasting it on stupid websites, shares in football sponsorships, ITV have tried to stick their fingers in so many pies that have cost them so much money maybe the people running ITV shud take a pay cut and have their wages ploughed into ITV instead!, but ITV need to think of other ways of making adverts work, for example Regional Adverts for National Company's with speacial codes for discounts if going to certain stores metioning the adverts

**Question 6: Do you agree with our findings that nations and regions news continues to have an important role and that additional funding should be provided to sustain it?:**

Yes, We are not all from London and Where we Live in devon and cornwall we have had serveral breaking news stories, that has mattered to devon and cornwall, and where Westward. TSW and Westcountry TV have all been there to report this to the regional viwers then to the national viewrs, the Regions matter because we are all different, and not all city based
