1. Overview

You should complete this form if you are applying for a community digital sound programme licence (“C-DSP”). You can find further information about C-DSP services in the [guidance notes for licensees and applicants](#).

This application form is divided into two parts – **Part A** (which we will publish on our website) and **Part B** (which will be kept confidential). This document constitutes Part A; [Part B of the application form](#) is available on our website.

If you encounter any issues using these forms, please contact broadcast.licensing@ofcom.org.uk.

The purpose of this form

- 1.1 You should complete this form if you are applying for a Community Digital Sound Programme (C-DSP) licence.
- 1.2 A digital sound programme service intended for broadcast by means of a local or small-scale radio multiplex service requires either a C-DSP licence or a local DSP licence. Ofcom’s published guidance notes set out some of the key issues that potential applicants need to consider in deciding which type of licence is suitable for them. In summary, C-DSP services are not run for financial gain and are required to provide social gain. C-DSP licences therefore include strict conditions to ensure that happens, and provide less flexibility than a local DSP licence. However, they do provide access to capacity that small-scale radio multiplex service providers are required to reserve solely for C-DSP services.
- 1.3 A C-DSP licence will be required even if the same programme service is also provided on any other platforms (e.g. FM, satellite), as separate licences are required for those.
- 1.4 As noted above, small-scale radio multiplex services will have reserved capacity for C-DSP services. Issue of a C-DSP licence does not, however, guarantee carriage on a small-scale (or local) radio multiplex service. That is a matter for agreement between the C-DSP licensee and the multiplex service provider, and there may be more C-DSP licences issued in a locality than there are reserved slots on the small-scale radio multiplex service. Note that a C-DSP service does not necessarily have to broadcast using reserved capacity. It can use unreserved capacity on a small-scale radio multiplex service or capacity on a local radio multiplex service, again subject to agreement with the multiplex service provider.
- 1.5 An application for a C-DSP licence will be accepted only once Ofcom has advertised the licence for the small-scale radio multiplex service upon which the proposed C-DSP service is intended to be provided. There is no closing-date by which an application for a C-DSP licence must be submitted (i.e. it can be submitted at any time after the licence for the relevant small-scale radio multiplex licence has been advertised).
- 1.6 You can find further information about how to determine if a service requires a C-DSP licence in Section 2 of the [guidance notes for applicants and licensees](#).

Provision of information

- 1.7 Ofcom requires complete and accurate information to assess applications. This is so that we can assess your application against statutory criteria, consider whether those involved in the body applying for a licence are ‘fit and proper’ to hold a licence, and determine whether their involvement with other organisations disqualifies them from participation in a licence.
- 1.8 It is an offence under the Broadcasting Act 1996 (as amended) to provide false information or withhold relevant information during the application process, and may be grounds for revocation of a licence subsequently granted.

Publication of information about applications and licensed services

- 1.9 Information provided in **Part A** of the application form will typically be published by Ofcom in our Monthly Radio Update publication the month following the submission of your application. This may take longer if the application is received late in the month. Information provided in **Part B** will not be published.
- 1.10 In submitting this application you agree that, should a licence be granted, Ofcom may publish contact details for the licensee (specified in Section 2 of Part B of the application form), which may include personal data, on the Ofcom website and/or in other relevant publications. If you have any questions about the information that we publish, or there are any changes to this information, you should contact the Broadcast Licensing team by email (broadcast.licensing@ofcom.org.uk).
- 1.11 Ofcom considers issued C-DSP licences to be public documents and copies of licences will be made available to third parties on request albeit, other than the Key Commitments which are tailored to the service, C-DSP licences are standard form documents. A brief description of the licensed service will be published on the Ofcom website, along with the Key Commitments which form part of the licence.
- 1.12 Ofcom publishes a [monthly radio licensing update](#) which lists new services licensed, new applications, licences revoked, licence transfers, and changes to licensed services during the past month.

Data protection

- 1.13 We require the information requested in this form in order to carry out our licensing duties under the Broadcasting Act 1990, Broadcasting Act 1996 and Communications Act 2003. Please see Ofcom’s [General Privacy Statement](#) for further information about how Ofcom handles your personal information and your corresponding rights.

Keeping up to date with broadcasting matters

- 1.14 We strongly recommend that the appropriate person at the applicant body signs up to receive Ofcom's regular email updates on broadcasting matters including notification when the Broadcast and On Demand Bulletin is published.
- 1.15 To sign up to receive these communications, you must visit [the email updates area of our website](#) and select 'Broadcasting.'

2. Applicant's details

About this section

In this section we are asking you for details about the applicant company. This must be a body corporate which is not profit distributing.

In the first part of this section, we are asking for basic details about the applicant. These include company registration number and contact information.

In the second part of this section we are asking for details of the applicant's officers (directors or, in the case of LLPs, designated members), its shareholders and participants. Where applicable, we are also asking for details of the officers of the applicant's parent and associated companies or LLPs etc.

If any of the individuals named in your responses are known by more than one name/version of their name, all names must be provided.

Certain persons are disqualified from holding a C-DSP licence. This section asks the questions which enable us to consider this for those types of disqualification which apply specifically to bodies corporate. It also asks questions which are relevant to our assessment of the applicant's fitness and propriety to hold a C-DSP licence.

Before completing this section of the form, you should read [Ofcom's guidance on the definition of 'control' of media companies](#). Throughout this section, "control" has the meaning it is given in Part I of Schedule 2 of the Broadcasting Act 1990.

The response boxes and tables should be expanded or repeated where necessary, or provided in a separate annex.

'Officerships' in this section refers to: directorships of bodies corporate, designated memberships of LLPs, or membership of a governing body of an unincorporated association (including partnerships).

Applicant information and contact details

2.1 Name of applicant (i.e. the body corporate that will hold the licence):

BORDERS COMMUNITY RADIO AND MEDIA LTD

- 2.7 How will the service be financed? If the applicant is receiving, or is likely to receive, any form of funding and/or financial assistance to establish and maintain the service, please provide details of who is providing that funding/financial assistance and the extent of it.

If you are receiving funding from, or on behalf of, a source that could be considered a political organisation or a religious body, you must set out the nature of that organisation here.

TD1 Radio 106.5 is an existing Ofcom Community Radio licensed service which launched on 30th March 2015.. The licence was awarded by Ofcom back in 2013. The service is financed by a mix of funding from grants and advertising revenue .

Original launch was financed by means of support from National Lottery Awards for All for FM transmission and associated equipment. Ongoing operating expenses are financed through local trader advertising spots and sponsorship. There has also been revenue from grant funded community activities. These funders include: Scottish Borders Council Business Gateway fund and OFCOM community radio fund.

3. The proposed service

About this section

This section asks you to describe your proposed service, including the Key Commitments you propose to include in your licence. This includes your service name, multiplex name and character of service, in addition to standard commitments that all C-DSP licensees need to abide by. Holders of an existing analogue community radio licence to be a simulcast on the proposed C-DSP service can replicate the existing analogue key commitments as it is our expectation that the key commitments for simulcast services are to be in keeping with one another. If a licence is granted, the information you provide in this section will be used to form the basis of the annex to your licence. You will only be authorised to broadcast what is detailed in the annex of the licence.

In this section, you will also need to set out how your service will provide social gain, community participation and how you will be accountable to the target community. This is in line with statutory requirements for the granting of C-DSP licences. **The information provided in this section is also the basis on which decisions are made.**

If you hold, or intend to hold, multiple C-DSP licences, the answers given in this section and the intended delivery of your Key Commitments must apply to the locality in which your proposed service will broadcast (as set out in the Draft Key Commitments in this application form).

Your proposed service and target community

3.1 What is the proposed service name?

TD1 RADIO

3.2 On which radio multiplex service do you intend to broadcast? If the relevant radio multiplex licence has not yet been awarded, please state the name of the area that the multiplex service is intended to cover, as defined in the multiplex licence advertisement.

EDINBURGH

3.3 Where is your proposed studio located? Please note that this must be located within the coverage area of the small-scale radio multiplex service identified in answer to 5.2 (or the advertised area for a small-scale radio multiplex service that has not yet been awarded).³

³ If you propose to provide your service on a local, rather than a small-scale, radio multiplex service, there is no requirement for your studio to be located within the licensed area of that local radio multiplex service.

42i Lochend Road North, Musselburgh EH21 6BG

- 3.4 If the proposed service is a simulcast or corresponding service of an existing licensed radio service, please list that below and provide the licence number.

TD1 RADIO

- 3.5 What is the target community of the service? Please include the geographical area that you wish to serve in addition to the interests or characteristics that define your target community. The area you wish to serve must be geographically located within the coverage area of the radio multiplex service on which you intend to broadcast. **Answer in fewer than 400 words.**

The target area would be as currently predicted on the OFCOM Edinburgh radio multiplex .

The target community reflects the Ofcom Edinburgh polygon map which has natural affinity with the analogue/FM transmission area as we are part of the greater Edinburgh commuting area and part of the SE Scotland planning area. Many people travel from this area to Edinburgh for work and leisure so it makes to sense that they can follow their local FM station on DAB radio.

- 3.6 How will you ensure that your proposed C-DSP service is run on a not-for-profit basis? Please give details of specific measures or arrangements in place to ensure this, and how any profit will be wholly and exclusively used for securing or improving the future provision of the service, or for the delivery of social gain. **Answer in fewer than 400 words.**

The C-DSP DAB licence service is a simulcast of the TD1 Radio FM 106.5Mhz analogue programme service. This is licenced by Ofcom CR000266BA/3 which has licence Key Commitments and run on a not for-profit basis. The legal entity is a company limited by guarantee and without share capital, therefore no shareholders. Registered on 20th April 2012. Arrangements are in place as per the Ofcom Community Radio analogue licence for delivery of social gain objectives.

Social gain

- 3.7 What community benefits will your service bring to your target community(ies) and, if applicable, the general public. Please include summaries of evidence to support your answer, including details about other organisations you intend to work with. **Answer in fewer than 500 words. Please do not provide names of individuals in your answer.**

The service provides a range of community benefits (social gain objectives mandated by statute) for the target community, both on-air and off-air, and in doing so, achieves the following objectives:

- the facilitation of discussion and the expression of opinion,
- the provision (whether by means of programmes included in the service or otherwise) of education or training to individuals not employed by the person providing the service, and
- the better understanding of the particular community and the strengthening of links within it.

Members of the target community contribute to the operation and management of the service. The service has mechanisms in place to ensure it is accountable to its target community.

Recent examples of community benefit include social action activity:

The service supported the local community during the covid pandemic with increased programming for social inclusion and tackling mental health issues such as loneliness.

Just this week we are supporting Mental health awareness week.

The service is broadcasting COVID-19 Public Service Announcements provided by the Scottish Government. These are updated at least weekly as and when necessary in conjunction with the Scottish Government corporate communications team.

We have also run many general health campaigns and worked with the Scottish Fire and Rescue team to highlight their fire safety campaigns.

- 3.8 Please summarise how your service will facilitate discussion and the expression of opinion. Answer in fewer than 200 words.

We would like to expand our local news and sport provision and have recently covered the local election results . We are also hoping to invest further in extra OB equipment shortly to allow us to cover more local events ,common ridings and sports events.

- 3.9 How will you ensure that members of your target community(ies) can gain access to the facilities used to provide your service, and receive training in using these? In particular, please set out how this will be done practically, formally and/or informally. Answer in fewer than 400 words.

As previously stated, we are looking to expand our training facilities and the new studios will allow us to do that for people who are wanting to join our station but can't always travel down from Edinburgh. Not only school pupils, but adults are invited to gain access to the facilities. In practice, this was starting to occur at the start of the Coronavirus pandemic in March 2020, when through grant awards, equipment was made available to various community groups to enable them to record interviews and produce announcements to make the public more aware of the help and advice available to all people. Members of the target community have become involved with the service, received training and access to enable programme making. Programming, engagement and involvement is developing all the time to include under represented groups in our area.

- 3.10 How will your service provide better understanding of your target community and the strengthening of links within it? Answer in fewer than 200 words.

The service will be proactive in the community and works closely with local authorities , the local Community Councils and community organisations providing them with valuable publicity.

- 3.11 Please summarise the relevant experience of the group or its members in activities related to the provision of social gain or other relevant non-broadcast areas (such as third sector, training or education). **Answer in fewer than 200 words.**

The members of the service have since March 2015 been involved with the delivery of non-broadcast activities primarily in supporting local events through either OBs or publicity via the station on-air or via social media, we have just recruited two new volunteers to assist with our social media platforms and it is providing training for them in other aspects of the radio station as well.

Participation

- 3.12 How do you propose to ensure that members of your target community(ies) are given opportunities to participate in the operation and management of the service? **Answer in fewer than 400 words.**

The target community are given opportunities to participate in the operation of the service. This includes people from around the Scottish Borders and the Edinburgh area getting involved in programme making to include news and sport reports. There is a team of four people involved with delivering local news and sports bulletins and special features. Morning and afternoon locally produced news and sport bulletins on the half-hour are planned for Monday to Friday. There are 27 members of the service and they have access to a private Facebook page to exchange views and provide feedback and information. There are also virtual meetings using Zoom .

Accountability

- 3.13 How will members of your target community contact your service and influence its operation? **Answer in fewer than 300 words.**

Members of the target community can make contact with the service in a variety of ways as indeed they do at present. This includes by telephone to the studio and office; by email to the studio and admin office; using social media platforms to include Facebook and Twitter plus the website at td1radio.scot This activity has been since the launch of the service in March 2015, some 7 years.

- 3.14 How will suggestions and/or criticisms from members of your target community(ies) be considered and acted upon? **Answer in fewer than 300 words.**

Suggestions are always welcome and thoroughly investigated to ascertain that a suggestion could become a reality.

There are examples of that with approaches from the target community to provide content and social action.

Draft Key Commitments

Below is an example of the licence annex where the Key Commitments appear. Should a licence be awarded, the entries you provide below will form the Key Commitments section of your licence. Holders of a community radio analogue licence that is to be simulcast, or a corresponding service, are expected to provide key commitments that are in line with their existing service(s). As such, applicants may refer to the existing key commitments of the relevant simulcast or corresponding service(s) to ensure that the draft below is in line with those of the existing service(s).

Please provide entries where specified in **BOLD** below. The information you enter here should reflect your answers to Sections 3 and 4 of the Part A of your completed Application Form. This will form the basis of your Key Commitments alongside the mandatory text in italics. Do not amend the text in italics as every service is required to comply with these requirements, but the details of how each service does so do not need to be included in the Key Commitments.

1. Compliance of the service

About this section

This section asks you to describe the compliance arrangements for the proposed licensed service, i.e. the arrangements which the applicant will put in place to ensure that the content it proposes to broadcast will comply with the relevant regulatory codes and rules for programming and advertising. These include:

- The Ofcom Broadcasting Code
- The BCAP Code: the UK Code of Broadcast Advertising
- The Phone-paid Services Authority Code of Practice

Condition 17 of a C-DSP licence requires that you have compliance procedures in place, and this section asks that you demonstrate your ability to meet this licence condition.

Before completing this section of the form you should read Section 4 of the [C-DSP guidance notes](#), where you will also find links to the codes and rules listed above.

- 1.1 Please give details of all compliance training (including dates) the person named in response to either question 2.3 or 2.5 in Part B (i.e. the individual who holds overall responsibility for compliance of the service) has received in the relevant codes and rules (for example, those referred to in the box at the start of this section).

Compliance training has included updates and refresher events at Ofcom offices in Glasgow and Edinburgh in which Ofcom Community Radio management were in attendance.

- 1.2 Please give details of any practical compliance experience (including dates) the person named in response to either question 2.3 or 2.5 in Part B (i.e. the individual who holds overall responsibility for compliance of the service) has with respect to the relevant codes and rules.

The person named has been the compliance officer of TD1 Radio for the past 7 years on the existing analogue service and works with the directors on a regular basis to complete the compliance team.

- 1.3 For each role within your compliance team please provide job title and a brief description of the functions of the role specific to ensuring compliance of the proposed service. Please do not give names of individual members of staff – this question relates to job roles rather than currently employed individuals.

The service is run exclusively by volunteers from all sections of the community and therefore, no 'staff' members as such. The Compliance Team has three members.

The roles are the two directors and the compliance officer.

- 1.4 How does the applicant intend to formally train staff in compliance procedures? Please include details of the compliance training that will be given to those responsible for live programming, including compliance staff, presenters and producers.

The intention is to train staff from our own resources and the published Codes. The service will also investigate resources from other services in the community sector. The service is a member of the UK Community Radio Network. This UK Network has Station Manager Meetings via Zoom every two weeks in which are attended virtually online. From these meetings compliance matters are discussed. As TD1 Radio is an existing Ofcom licensed Community Radio service on analogue/FM we continue to keep up to date on compliance matters to include Ofcom Bulletins which includes listener and viewer complaints.

- 1.5 Will the training described in response to question 4.5 be mandatory for all staff and volunteers? If not, outline who will receive it.

Yes.

- 1.6 It is a licence requirement that a licensee must ensure that all programming on its service (broadcast at any time of the day or night) complies with Ofcom's codes and rules (e.g. Ofcom's Broadcasting Code, which sets requirements on standards to be observed in programme content for the protection of the public).

- a) Set out in detail below the systems the applicant intends to have in place to ensure it will be able to comply with the codes and rules when the service is broadcasting live content. Your response should include details of what you will do to prepare presenters and guests pre-broadcast and the process for ensuring that any non-complaint content is dealt with swiftly during the broadcast.

As an existing Ofcom licensed community radio station broadcasting on 106.5 FM, TD1 Radio takes compliance seriously. Each month, a review of output and content, plus non-broadcast activity is undertaken to ensure Ofcom licence Key Commitments are observed and are per licence condition.

- b) Set out in detail below how the applicant intends to ensure that pre-recorded material will comply with Ofcom's codes and rules. Pre-recorded content could include, for example, material obtained from, or streamed from, third party sources as well as content produced by the licensee.

All our pre-recorded material is only provided by people with extensive broadcasting experience and are fully aware of what is required by TD1 Radio before we would even consider it on the station, it is regularly monitored by our compliance team and advice given if required as our output is also regularly monitored for its content.

- 1.7 Please set out how you will ensure ongoing compliance with your Key Commitments that relate to what you will broadcast on the station, including how you will monitor that these

are being delivered e.g. who will be responsible for monitoring this, how often will they monitor it, how you ensure this information is published.

As an existing Ofcom licensed community radio station broadcasting on 106.5 FM, TD1 Radio takes compliance seriously. Each month, a review of output and content, plus non-broadcast activity is undertaken to ensure Ofcom licence Key Commitments are observed and are per licence condition.

- 1.8 Please set out how you will ensure ongoing compliance with your Key Commitments that relate to the station's off-air social gain activities, including how you will monitor that these are being delivered e.g. who will be responsible for monitoring this, how often will they monitor it, how you ensure this information is published.

Key Commitments are closely monitored as a normal part of the Ofcom Licence to broadcast on 106.5 FM. This is the responsibility of the board of TD1 who have regular meetings.

- 1.9 What language(s) does the applicant intend to broadcast in?

English but we would be interested in some Scots Gaelic content.

- 1.10 For each language listed in response to question 4.9 please provide details of how many compliance team member(s) are fluent in each language and will be responsible for ensuring that content broadcast in that language complies with the Ofcom's code and rules.
Please do not give names of individual members of staff.

We would look to work with Scots Gaelic organisations should the need arise.

2. Declaration

About this section

This form must be submitted by the applicant named in response to question 2.2. An agent may not sign **the form**.

The person authorised to make the declaration on behalf of the applicant must print their name and must be one of the following :

- A director of the company or the company secretary where the applicant is a company.
- A designated member where the applicant is a Limited Liability Partnership.

The declaration must also be dated.

- 2.1 I hereby apply to Ofcom for the grant of a licence for the community digital sound programme service described above and declare that the information given in this application form is, to the best of my knowledge and belief, correct.
- 2.2 I further declare and warrant:
- a) that I am not a disqualified person within the meaning of that expression as defined in Part II of Schedule 2 to the Broadcasting Act 1990, as amended, or as a result of a disqualification order under Section 145 of the Broadcasting Act 1996;
 - b) that having made all reasonable enquiries neither the applicant nor any person controlling the applicant, as a result of the grant to me of the licence, breach any requirement of Schedule 14 to the Communications Act 2003 with regard to the accumulation of interests in broadcasting services or to the restrictions on cross-media interests; and
 - c) that the applicant is not disqualified by virtue of the provisions of section 143 (5) of the Broadcasting Act 1996 in relation to political objects and the provisions of section 144 (3) of the Broadcasting Act 1996 in relation to the provision of false information or through the withholding of information with the intention of misleading Ofcom; and
 - d) that no director or person concerned directly or indirectly in the management of the applicant is subject to a disqualification order as defined by section 145 (1) of the Broadcasting Act 1996.
- 2.3 I understand that Ofcom reserves the right to revoke the licence (if granted) if at any time any material statement made to Ofcom is found to be false and to have been by the applicant or any member or officer thereof knowing it to be false. I also understand that under sections 144 and 145 of the Broadcasting Act 1996, the provision of false information could incur a criminal conviction and a disqualification from the holding of a Broadcasting Act licence. I further certify that, to the best of my knowledge, any matters which might influence Ofcom's judgement as to whether the directors and any other individuals and/or bodies corporate with substantial involvement in this application are fit and proper persons to participate in a radio licence, have been made known to Ofcom.
