1. Overview

You should complete this form if you are applying for a community digital sound programme licence (“C-DSP”). You can find further information about C-DSP services in the [guidance notes for licensees and applicants](#).

This application form is divided into two parts – **Part A** (which we will publish on our website) and **Part B** (which will be kept confidential). This document constitutes Part A; [Part B of the application form](#) is available on our website.

If you encounter any issues using these forms, please contact broadcast.licensing@ofcom.org.uk.

The purpose of this form

You should complete this form if you are applying for a Community Digital Sound Programme (C-DSP) licence.

A digital sound programme service intended for broadcast by means of a local or small-scale radio multiplex service requires either a C-DSP licence or a local DSP licence. Ofcom’s published guidance notes set out some of the key issues that potential applicants need to consider in deciding which type of licence is suitable for them. In summary, C-DSP services are not run for financial gain and are required to provide social gain. C-DSP licences therefore include strict conditions to ensure that happens, and provide less flexibility than a local DSP licence. However, they do provide access to capacity that small-scale radio multiplex service providers are required to reserve solely for C-DSP services.

A C-DSP licence will be required even if the same programme service is also provided on any other platforms (e.g. FM, satellite), as separate licences are required for those.

As noted above, small-scale radio multiplex services will have reserved capacity for C-DSP services. Issue of a C-DSP licence does not, however, guarantee carriage on a small-scale (or local) radio multiplex service. That is a matter for agreement between the C-DSP licensee and the multiplex service provider, and there may be more C-DSP licences issued in a locality than there are reserved slots on the small-scale radio multiplex service. Note that a C-DSP service does not necessarily have to broadcast using reserved capacity. It can use unreserved capacity on a small-scale radio multiplex service or capacity on a local radio multiplex service, again subject to agreement with the multiplex service provider.

An application for a C-DSP licence will be accepted only once Ofcom has advertised the licence for the small-scale radio multiplex service upon which the proposed C-DSP service is intended to be provided. There is no closing-date by which an application for a C-DSP licence must be submitted (i.e. it can be submitted at any time after the licence for the relevant small-scale radio multiplex licence has been advertised).

You can find further information about how to determine if a service requires a C-DSP licence in Section 2 of the [guidance notes for applicants and licensees](#).

Provision of information

Ofcom requires complete and accurate information to assess applications. This is so that we can assess your application against statutory criteria, consider whether those involved in the body applying for a licence are 'fit and proper' to hold a licence, and determine whether their involvement with other organisations disqualifies them from participation in a licence.

It is an offence under the Broadcasting Act 1996 (as amended) to provide false information or withhold relevant information during the application process, and may be grounds for revocation of a licence subsequently granted.

Publication of information about applications and licensed services

Information provided in **Part A** of the application form will typically be published by Ofcom in our Monthly Radio Update publication the month following the submission of your application. This may take longer if the application is received late in the month. Information provided in **Part B** will not be published.

In submitting this application you agree that, should a licence be granted, Ofcom may publish contact details for the licensee (specified in Section 2 of Part B of the application form), which may include personal data, on the Ofcom website and/or in other relevant publications. If you have any questions about the information that we publish, or there are any changes to this information, you should contact the Broadcast Licensing team by email (broadcast.licensing@ofcom.org.uk).

Ofcom considers issued C-DSP licences to be public documents and copies of licences will be made available to third parties on request albeit, other than the Key Commitments which are tailored to the service, C-DSP licences are standard form documents. A brief description of the licensed service will be published on the Ofcom website, along with the Key Commitments which form part of the licence.

Ofcom publishes a [monthly radio licensing update](#) which lists new services licensed, new applications, licences revoked, licence transfers, and changes to licensed services during the past month.

Data protection

We require the information requested in this form in order to carry out our licensing duties under the Broadcasting Act 1990, Broadcasting Act 1996 and Communications Act 2003. Please see Ofcom's [General Privacy Statement](#) for further information about how Ofcom handles your personal information and your corresponding rights.

Keeping up to date with broadcasting matters

We strongly recommend that the appropriate person at the applicant body signs up to receive Ofcom's regular email updates on broadcasting matters including notification when the Broadcast and On Demand Bulletin is published.

To sign up to receive these communications, you must visit the [email updates](#) area of our website and select 'Broadcasting.'

2. Applicant's details

About this section

In this section we are asking you for details about the applicant company. This must be a body corporate which is not profit distributing.

In the first part of this section, we are asking for basic details about the applicant. These include company registration number and contact information.

In the second part of this section we are asking for details of the applicant's officers (directors or, in the case of LLPs, designated members), its shareholders and participants. Where applicable, we are also asking for details of the officers of the applicant's parent and associated companies or LLPs etc.

If any of the individuals named in your responses are known by more than one name/version of their name, all names must be provided.

Certain persons are disqualified from holding a C-DSP licence. This section asks the questions which enable us to consider this for those types of disqualification which apply specifically to bodies corporate. It also asks questions which are relevant to our assessment of the applicant's fitness and properness to hold a C-DSP licence.

Before completing this section of the form, you should read [Ofcom's guidance on the definition of 'control' of media companies](#). Throughout this section, "control" has the meaning it is given in Part I of Schedule 2 of the Broadcasting Act 1990.

The response boxes and tables should be expanded or repeated where necessary, or provided in a separate annex.

'Officerships' in this section refers to: directorships of bodies corporate, designated memberships of LLPs, or membership of a governing body of an unincorporated association (including partnerships).

3. The proposed service

About this section

This section asks you to describe your proposed service, including the Key Commitments you propose to include in your licence. This includes your service name, multiplex name and character of service, in addition to standard commitments that all C-DSP licensees need to abide by. Holders of an existing analogue community radio licence to be a simul-cast on the proposed C-DSP service can replicate the existing analogue key commitments as it is our expectation that the key commitments for simulcast services are to be in keeping with one another. If a licence is granted, the information you provide in this section will be used to form the basis of the annex to your licence. You will only be authorised to broadcast what is detailed in the annex of the licence.

In this section, you will also need to set out how your service will provide social gain, community participation and how you will be accountable to the target community. This is in line with statutory requirements for the granting of C-DSP licences. **The information provided in this section is also the basis on which decisions are made.**

If you hold, or intend to hold, multiple C-DSP licences, the answers given in this section and the intended delivery of your Key Commitments must apply to the locality in which your proposed service will broadcast (as set out in the Draft Key Commitments in this application form).

Your proposed service and target community

3.1 What is the proposed service name?

Boreham Wood Radio (BWR)

3.2 On which radio multiplex service do you intend to broadcast? If the relevant radio multiplex licence has not yet been awarded, please state the name of the area that the multiplex service is intended to cover, as defined in the multiplex licence advertisement.

South Hertfordshire

3.3 Where is your proposed studio located? Please note that this must be located within the coverage area of the small-scale radio multiplex service identified in answer to 3.2 (or the advertised area for a small-scale radio multiplex service that has not yet been awarded).³

Elstree Studios, Shenley Road, Borehamwood, Herts WD6 1JG

³ If you propose to provide your service on a local, rather than a small-scale, radio multiplex service, there is no requirement for your studio to be located within the licensed area of that local radio multiplex service.

- 3.4 If the proposed service is a simulcast or corresponding service of an existing licensed radio service, please list that below and provide the licence number.

N/A

- 3.5 What is the target community of the service? Please include the geographical area that you wish to serve in addition to the interests or characteristics that define your target community. The area you wish to serve must be geographically located within the coverage area of the radio multiplex service on which you intend to broadcast. **Answer in fewer than 400 words.**

People living, working or in education in Borehamwood and surrounding area including Elstree, Radlett and Shenley (total population in Census 2021 was 55,811).

- 3.6 How will you ensure that your proposed C-DSP service is run on a not-for-profit basis? Please give details of specific measures or arrangements in place to ensure this, and how any profit will be wholly and exclusively used for securing or improving the future provision of the service, or for the delivery of social gain. **Answer in fewer than 400 words.**

Boreham Wood and Elstree Community Radio Ltd is a Company Limited by Guarantee so a not for profit company. Directors, Managers, presenters and others are volunteers so unpaid. Any trading surpluses will be used to maintain and improve **our** services and to help deliver social gain.

Social gain

- 3.7 What community benefits will your service bring to your target community(ies) and, if applicable, the general public. Please include summaries of evidence to support your answer, including details about other organisations you intend to work with. **Answer in fewer than 500 words.** Please do not provide names of individuals in your answer.

We will be providing information on air and via our website and Social Media about organisations and activities in the local area to help promote themselves and increase participation. We will be working with our local councils (Hertsmere Borough Council, Elstree & Borehamwood Town Council, Hertfordshire County Council) plus Rotary Clubs, Football and other sports clubs, schools, colleges and the University of Hertfordshire, Clarion housing trust, museums, Elstree Studios, Sky Studios and BBC Elstree amongst others.

- 3.8 Please summarise how your service will facilitate discussion and the expression of opinion. **Answer in fewer than 200 words.**

Our programmes will regularly feature interviews and discussions with individuals and representatives of many local organisations. We will also participate in various local events throughout the year. We will aim to feature a wide range of views and opinions throughout the year.

- 3.9 How will you ensure that members of your target community(ies) can gain access to the facilities used to provide your service, and receive training in using these? In particular, please set out how this will be done practically, formally and/or informally. **Answer in fewer than 400 words.**

Individuals and representatives of local organisations and businesses will be able to visit our studio by prior arrangement (as it is within the film and TV studios so with heavy security) to participate in programmes. We will also have facilities to conduct interviews online and to be able to do interviews in other locations. We will be providing training for our volunteers and guests who present or participate in programmes. Such training will include technical training on our equipment plus understanding legal and regulatory issues under broadcasting laws.

- 3.10 How will your service provide better understanding of your target community and the strengthening of links within it? **Answer in fewer than 200 words.**

The main objectives of our service will be to increase knowledge and understanding of the locality and the individuals, organisations and businesses working here. There is a lack of local information sources as the local newspaper and magazine previously produced by Town Council have ceased publication. We hope to increase participation in local events and activities by actively promoting them in our programmes.

- 3.11 Please summarise the relevant experience of the group or its members in activities related to the provision of social gain or other relevant non-broadcast areas (such as third sector, training or education). **Answer in fewer than 200 words.**

Our volunteers encompass a range of expertise and experiences including active participation in local organisations and activities, technical experience (including in radio) and local education (schools and specialist college for TV and Film industry). Our volunteers also have wide age range from 18 to 80 so considerable life experiences.

Participation

- 3.12 How do you propose to ensure that members of your target community(ies) are given opportunities to participate in the operation and management of the service? **Answer in fewer than 400 words.**

We will be tasking some of our volunteers to take on specific operational and management roles. These will include programme specific roles such as presenters, producers and reporters plus other roles such as volunteers management, social media management and outreach roles to the local community. There will be opportunities for further volunteers from our target audience to move into such roles as we develop our services.

Accountability

- 3.13 How will members of your target community contact your service and influence its operation? **Answer in fewer than 300 words.**

People will be able to contact us via email and from our website and Social Media (particularly Instagram, FaceBook & LinkedIn). We also intend to participate in local events where there will be opportunities to speak to us in person. We expect to get more volunteers through such interactions so those people will be able to influence us in future.

- 3.14 How will suggestions and/or criticisms from members of your target community(ies) be considered and acted upon? **Answer in fewer than 300 words.**

People will be able to contact us via email and our website as well as our Social Media. We will be open to suggestions and criticisms and will aim to respond accordingly. Any specific complaints received will be responded to by Management as a high priority.

Draft Key Commitments

Below is an example of the licence annex where the Key Commitments appear. Should a licence be awarded, the entries you provide below will form the Key Commitments section of your licence. Holders of a community radio analogue licence that is to be simulcast, or a corresponding service, are expected to provide key commitments that are in line with their existing service(s). As such, applicants may refer to the existing key commitments of the relevant simulcast or corresponding service(s) to ensure that the draft below is in line with those of the existing service(s).

Please provide entries where specified in **BOLD** below. The information you enter here should reflect your answers to Sections 3 and 4 of the Part A of your completed Application Form. This will form the basis of your Key Commitments alongside the mandatory text in italics. Do not amend the text in italics as every service is required to comply with these requirements, but the details of how each service does so do not need to be included in the Key Commitments.

4. Compliance of the service

About this section

This section asks you to describe the compliance arrangements for the proposed licensed service, i.e. the arrangements which the applicant will put in place to ensure that the content it proposes to broadcast will comply with the relevant regulatory codes and rules for programming and advertising. These include:

- The Ofcom Broadcasting Code
- The BCAP Code: the UK Code of Broadcast Advertising
- The Phone-paid Services Authority Code of Practice

Condition 17 of a C-DSP licence requires that you have compliance procedures in place, and this section asks that you demonstrate your ability to meet this licence condition.

Before completing this section of the form you should read Section 4 of the [C-DSP guidance notes](#), where you will also find links to the codes and rules listed above.

- 4.1 Please give details of all compliance training (including dates) the person named in response to either question 2.3 or 2.5 in Part B (i.e. the individual who holds overall responsibility for compliance of the service) has received in the relevant codes and rules (for example, those referred to in the box at the start of this section).

Clive Glover was a founder of Radio Verulam in St Albans and a Director from 1993 to 2023 including 20 years as Chairman. During the time from when the station started broadcasting on FM in 2007 he was closely involved in ensuring programme compliance and technical compliance with all relevant codes and rules. He participated in many training sessions for Radio Verulam volunteers, particularly in presenting, over 30 years. He also attended many meetings and conferences organised by OFCOM, the Department of Culture Media and Sport and the Community Media Association which included sessions on various compliance matters.

- 4.2 Please give details of any practical compliance experience (including dates) the person named in response to either question 2.3 or 2.5 in Part B (i.e the individual who holds overall responsibility for compliance of the service) has with respect to the relevant codes and rules.

As detailed above, Clive Glover has 30 years of practical experience in managing compliance within a Community Radio station which he will apply to BWR.

- 4.3 For each role within your compliance team please provide job title and a brief description of the functions of the role specific to ensuring compliance of the proposed service. Please do not give names of individual members of staff – this question relates to job roles rather than currently employed individuals.

Our Compliance Manager and our Training Manager will work together to provide relevant training for all presenters and producers before they are permitted to go on air. Both managers will report directly to the Station Manager.

- 4.4 How does the applicant intend to formally train staff in compliance procedures? Please include details of the compliance training that will be given to those responsible for live programming, including compliance staff, presenters and producers.

We have drawn up and adopted our own programme guidelines based on OFCOM Guidelines and those of the BBC and expect all our on air volunteers to read and learn them plus pass a test before going on air. They will also be trained and tested on the use of our studio equipment and software (Myriad) before being permitted to go on air.

- 4.5 Will the training described in response to question 4.5 be mandatory for all staff and volunteers? If not, outline who will receive it.

Yes for all volunteers who present or participate on air programmes.

- 4.6 It is a licence requirement that a licensee must ensure that all programming on its service (broadcast at any time of the day or night) complies with Ofcom's codes and rules (e.g. Ofcom's Broadcasting Code, which sets requirements on standards to be observed in programme content for the protection of the public).

- a) Set out in detail below the systems the applicant intends to have in place to ensure it will be able to comply with the codes and rules when the service is broadcasting live content. Your response should include details of what you will do to prepare presenters and guests pre-broadcast and the process for ensuring that any non-complaint content is dealt with swiftly during the broadcast.

All on air volunteers will be required to learn and be tested on the station Guidelines and OFCOM Codes and Rules before being permitted to go on air. That will include practical advice on how to prepare guests and how to deal with any inappropriate remarks or actions by guests including winding up an interview, making an apology on air and reporting the incident to the Station Manager immediately.

- b) Set out in detail below how the applicant intends to ensure that pre-recorded material will comply with Ofcom's codes and rules. Pre-recorded content could include, for example, material obtained from, or streamed from, third party sources as well as content produced by the licensee.

We expect that nearly all pre-recorded material will be created by our own volunteers who will have received full training on Codes and Rules as part of their training beforehand. If we decide to broadcast any third party material we will

ensure it is from someone we know understands the regulations and will be listened to by an experienced volunteer before being broadcast.

- 4.7 Please set out how you will ensure the ongoing delivery/compliance of the **on-air** character of service as set out in the Key Commitments. This should be focused on the content you will broadcast on the station.

In your answer, please ensure you include details on each of the following points:

- a) How you will monitor that the character of service is being delivered;
- b) who will be responsible for monitoring this;
- c) how often will they monitor it;
- d) how you ensure this information is published; and
- e) where the information will be published/made publicly available.

Our Programme Manager will agree the format and nature of all programmes to be broadcast with the relevant presenter(s) and producer. All programmes will be subject to regular monitoring and provision of feedback by the Programme Manager or on their behalf by others.

Managers will compile records of programmes and whether/how they are meeting the obligations agreed with the Programme Manager.

- 4.8 Please set out how you will ensure the ongoing delivery/compliance of the **off-air** social gain activities as set out in the Key Commitments.

In your answer, please ensure you include details on each of the following points:

- a) How you will monitor that off-air social gain activities are being delivered;
- b) who will be responsible for monitoring this;
- c) how often will they monitor it;
- d) how you ensure this information is published; and
- e) where the information will be published/made publicly available.

Our Station Manager will have the overall responsibility of meeting our social gain objectives and targets. Our Outreach volunteers and all presenters will be required to report on all relevant activities throughout each year.

Reports on social gain activities will be published on our website and social media. Details and statistics will also form part of our annual report to OFCOM which will be published on our website.

4.9 What language(s) does the applicant intend to broadcast in?

English

4.10 For each language listed in response to question 4.9 please provide details of how many compliance team member(s) are fluent in each language and will be responsible for ensuring that content broadcast in that language complies with the Ofcom's code and rules. **Please do not give names of individual members of staff.**

5. Declaration

About this section

This form must be submitted by the applicant named in response to question 2.2. An agent may not sign the form.

The person authorised to make the declaration on behalf of the applicant must print their name and must be one of the following :

- A director of the company or the company secretary where the applicant is a company.
- A designated member where the applicant is a Limited Liability Partnership.

The declaration must also be dated.

5.1 I hereby apply to Ofcom for the grant of a licence for the community digital sound programme service described above and declare that the information given in this application form is, to the best of my knowledge and belief, correct.

5.2 I further declare and warrant:

- a) that I am not a disqualified person within the meaning of that expression as defined in Part II of Schedule 2 to the Broadcasting Act 1990, as amended, or as a result of a disqualification order under Section 145 of the Broadcasting Act 1996;
- b) that having made all reasonable enquiries neither the applicant nor any person controlling the applicant, as a result of the grant to me of the licence, breach any requirement of Schedule 14 to the Communications Act 2003 with regard to the accumulation of interests in broadcasting services or to the restrictions on cross-media interests; and
- c) that the applicant is not disqualified by virtue of the provisions of section 143 (5) of the Broadcasting Act 1996 in relation to political objects and the provisions of section 144 (3) of the Broadcasting Act 1996 in relation to the provision of false information or through the withholding of information with the intention of misleading Ofcom; and
- d) that no director or person concerned directly or indirectly in the management of the applicant is subject to a disqualification order as defined by section 145 (1) of the Broadcasting Act 1996.

5.3 I understand that Ofcom reserves the right to revoke the licence (if granted) if at any time any material statement made to Ofcom is found to be false and to have been by the applicant or any member or officer thereof knowing it to be false. I also understand that under sections 144 and 145 of the Broadcasting Act 1996, the provision of false information could incur a criminal conviction and a disqualification from the holding of a Broadcasting Act licence. I further certify that, to the best of my knowledge, any matters which might influence Ofcom's judgement as to whether the directors and any other individuals and/or bodies corporate with substantial involvement in this application are fit and proper persons to participate in a radio licence, have been made known to Ofcom.
