Dear Jeremy,

Request for consent under Condition 11(11) of the Multiplex C Licence

Thank you for your letter of 25 March. Condition 11(11) of the Multiplex C Licence has the effect that Arqiva Muxco Limited may not enter into any agreement which would result in more than three Sky services being carried on Multiplex C, without Ofcom's prior written consent.

Ofcom consents to Arqiva Muxco Limited entering into an agreement that would result in Sky Arts being carried on Multiplex C, in addition to the existing three Sky services. This consent is limited to the addition of Sky Arts, and does not approve any other changes to the services carried on Multiplex C.

Please confirm to Ofcom when the proposed agreement has been entered into that the terms of this consent have been observed.

Yours sincerely,

Neil Stock
