

NEWS CONSUMPTION SURVEY – CAPI QUESTIONNAIRE – FINAL – 05 12 17

Introduction:

Good afternoon/evening, my name is ... from Jigsaw Research. We're conducting a study about how people get their news across the UK, and we're keen to get your views.

This study is being carried out for Ofcom (the Office of Communications), which is responsible for overseeing broadcast services in the UK.

Your answers to the survey will remain completely confidential. They will never be reported on at an individual level or be used to identify you in any way. The information collected by Jigsaw is on behalf of, and will remain, the property of Ofcom and will not be passed on to any third parties.

First, we will ask you a few questions about yourself and the media you use. This will only take a few minutes. This will allow us to see whether you qualify to complete the full survey. The full survey will take 25-30 minutes depending on the media you use.

1. Yes – CONTINUE
2. No – Arrange call-back if possible

SECTION C: SOURCES FOR NEWS

INTERVIEWER READ OUT

I would now like to ask you some questions about your personal use of news.

We know from talking to other people that they get news in different ways. Some people tell us that they watch TV or listen to the radio in the morning, while they're getting up or driving to work. Others read newspapers or look at news on their mobiles on their commute, or read it online throughout the day either on a PC or laptop or via a mobile phone app. Some people get news updates through social media such as Facebook and Twitter and many people watch the news on TV in the evening or have the radio on in the background while they are doing other things.

So when answering the following questions, please think about your whole day and all the times you might be in contact with news

By 'news' I mean news and current affairs in <[TEXT AS BELOW]> FILTERED, across the UK and from around the world. <FILTERED> - 'YOUR REGION' IN ENGLAND, 'WALES', 'SCOTLAND', 'NORTHERN IRELAND' IN RESPECTIVE NATIONS
